Round 18- August 17, 2002

A/B vs Walkerville @ Walkerville Sports Club,
Smith St, Walkerville

C/D vs Woodville South @ Shark Park, Atkin St,
Henley Beach

THREE GRADES CAN MAKE FINALS!

For the second consecutive year the Henley Sharks will have 3 out of four teams playing of in the finals. The B's are just one win away from securing a finals berth and should do so with a strong win over bottom-placed Walkerville this week. The C grade are almost assured a finals spot as to miss out they would either have to lose by over 20 goals to last-placed Woodville South, or have Tea Tree Gully beat Broadview by some 40 goals. The D grade are the only team that are a 100% certainty of playing finals, but at this stage but things are looking good for all three sides.

The B grade will be going in without a hint of complacency for there final game against Walkerville. They will be aware that by knocking us off we will miss finals and that will provide them with some strong motivation to hit the Sharks with everything they have got. The Sharks are coming off a strong win against 4th placed Scotch and gained a vital psychological advantage for the likely Elimination Final that will be played next week.

The C and D grade will be after big wins against a lowly placed Woodville South team and although percentage is of no consequence for either side, a big win will put the Sharks in good stead for their Elimination Finals next week.

The A's will be looking to finish the season on a big note with a win against Walkerville. The Henley boys played the great brand of footy we all know they can play in defeating finals contender Scotch last week and club coach Grant Levy will be looking to end the season on a high with 4 out of 4 wins for the club.
