

HENLEY SHARKBITE

Round 5, 2009

PRESIDENTIAL ADDRESS

Awesome Weekend – lets do it again this week!

Hey all you Sharkers

What a massive weekend we had for the club. I want to say thanks to everyone who assisted. It is important that we continually express our gratitude to people for all the hard work they do - we have a top team of volunteers who work very hard to keep us successful in the juniors and seniors, as well as with the whole club - we are really going places so lets pat ourselves on the back and enjoy the ride!

Friday night was awesome with great numbers of juniors and parents ('like the good old days' I heard some-one say) - Dav to you and your team excellent work - 140 meals served by the U8's parents - fantastic! I am very excited about where you guys are going and it great that you have two new parents (Anthony West & Brian Pedler) on the committee.

It was also great to have the U14s support the U18s by coming back for presentations last Sunday night. Thanks for Phil Cox for donating meat for the BBQ and also for cooking it – very tasty and it filled the rumbling tummies of a few players and parents!

This week we'll have the U16s involved and it will be a cracker of a night with three teams celebrating their success together and supporting each other. That's what great clubs are all about – it is not about the individual, nor just the team, but it is about everyone working for the good of the whole club. We are great asset to the local community providing opportunities for locals to be involved in footy.

The program of presentations for U8s to U13s on Fridays nights (5.30pm), As to Ds on Saturdays (6.30pm) and U14s, U16s and U18s on Sundays (5.30pm) gives us an opportunity for fellowship and great interaction between the teams. So let's get everyone back to the presentations and celebrate our successes, laugh at the funny stuff and get focussed on improving each week.

Mal, Wingers, Sandy and Darty, you did so much to get the clubrooms and the ground ready for a very important celebratory day for us - we really showed the supporters, sponsors, life members and the Goodie Saints visitors that we are a great club and we will continue to be a major force in the SAAFL, including A1.

Geoff, great job on the BBQ - please pass on our thanks to Robbie, Gav and Greg. Also to Tammy, Nicole and Mandy in the canteen. Rusty Bair's mum supplied some lovely sandwiches, Matt Wormald did us proud with his nibbles and biscuits and Vicky Lawless assisted in setting up - many thanks - we appreciate people putting their hands up to help.

Terry, excellent stuff on the bar - I think you and Brooke and Danielle worked very hard and made everyone (Life members, sponsors and supporters) feel very at home - not one left thirsty.

Kite, lots of hard work doing all the recycling! - you do it all yourself and I know most people have no idea of how many hours you spend on it each week or how much important cash we get for it - many thanks buddy.

Meredith and Vicky, thanks for the help with getting all the boys fed on Saturday night - I will go back to Mario at La Pizzeria and thank him for the great pizza he supplied.

Darty, Pete and Dav please thank the coaches, teams managers, trainers and other support staff for all their hard work - it was a great weekend and lets hope we have many more like it.

Many thanks to the A-grade players in assisting the U18s, particularly Jake Pavlich and James Stewart – I understand that from this week onwards there will be more seniors players assisting with training and presentations with the juniors = excellent stuff!

The Sharks are Circling!

WINGERS WRAP

What a brilliant day last Saturday was the weather, the characters & the footy itself all conspired to create a fantastic atmosphere at Shark Park for the round 4 encounter against Goodwood. So much more hard work is necessary to achieve our elusive goal, but one could ask for no more than the efforts displayed by of all our sides.

A huge vote of thanks to our Sponsors, Life Members & Past Players for the great turn up to watch what was a very high standard game of footy worthy of the two team's positions on the Premiership ladder.

The notable inclusion of Jason "Dingo Paws" Clark into the A's, justified Hally's selection as we quickly understood how his nickname was created. The kid has great hands & will play a major role in coming weeks if his body stays sound. Another one of "our boys"! Vinnie Rugolo also made his presence felt, and it has been a long time since Henley has seen a bloke who can smash into packs & use the pill so well. The aspect of this game that delighted me was that the Henley players mercilessly hunted their Goodwood opponents, putting this very skilled unit under intense pressure all day.

A great moment after the game was the presence of Co Patron Peter Ardill in the change rooms to hear Hally talk about the passion displayed by the players during this game. Peter had not been in the change rooms for over thirteen years & was rapt with the performance by the boys. This passion needs to be the norm every week, and both Salisbury North & Gullies are equally tough & respected opponents that will test us in coming games.

The Baby B's showed ominous signs that they are working steadily towards last year's form, as Luke settles his players & game plan. Ashley Place is a giant of a man, not only physically but personally and is a wonderful asset to this Club. Nine goals speak for themselves! (Is there a ton on the cards? the book is already out!)

Good to see Dogger hog a bit of Barnsey's limelight in the C's but unfortunately their heroics were not quite enough to get them over the line. The rematch at Henley should be a beauty!

Barry Dawson seems to have found a wonderful balance of players in the D's as the early call of mini coach rapidly evaporates. Well done the little koala bear in Matty Pierson for his five sausage rolls.

It appears old rivals Flinders Park took the bragging rights in the local U/18 derby by thirteen points. I am sure this will give Pete big ammunition for their next encounter.

This part worries me & I don't do it often, but I would like to congratulate the two officiating umpires in Dave Bails & Brad Webber on their performances, both on, & off the field, on Saturday. Often maligned & regularly misunderstood, these two affable fellas stayed back for some time after the game swapping yarns with Rod Daniels & any one else who wished to talk to them. At one stage, I contemplated donning a wet suit to wade through the bullshit flying around! Well done boys, you go a long way towards fostering relations between umpires & clubs that is often sadly lacking in modern footy. (But, did any body search them before they left?)

Another week to look forward to & exciting times for the club as it strives towards generating the respect required at all levels of footy. See you at the footy.

Happy Hunting Sharks

Regards, Wingers.

HALLY'S SPILL

It was a great game from our boys last week against Goodwood. We had a great preparation with a good week on the track leading in. the whole week felt really positive and I could tell just before they ran out that they were ready to go.

Our intensity around the footy was outstanding all day with our defensive pressure and our tackling a feature. Then when we had the footy we moved the ball pretty close to exactly how we want.

Johno Lee was a great target in the square, Nudsy, Clarkey and Rug were great targets across half forward. Shamo, Pav, Reds, Stewy, Gordo, Turns, Jonsey, Scratcher were fantastic in the midfield with Pedo and Johno giving them great service. In defence Gaz did an awesome job on Illman and Scooter rebounded many of there forward thrusts and Mehaff was outstanding, and had his best game for the club and Harry was Harry. Lee Costello, Barnesy, Damo and Rusty also played there part very well.

This week see's us take on Salisbury Nth. They have been a quality team for a number of years and it will be another huge test for our young team. Not just because they are a quality team but also to see that we have not got ahead of ourselves. If we don't bring the same intensity and passion this week we will get a rude shock! I'm confident through with the quality people we have we will be ready.

STUBBER'S SPEECH

Round four against Goodwood saw the B grade play their best footy this year. It was nice to hear some of the supporters feedback – suggesting that they had seen the exciting b grade football that they have come to expect. It was a solid team performance for about 3 quarters with a few small lapses throughout the game. These lapses will be ironed out in time and I am sure our first 4 quarter performance is just around the corner.

Placey was best on ground with 9 goals, no assists from roach. Other strong individual performances in-

cluded Darty up forward and on ball and Homer playing behind the football, giving us some very precise forward movement. It was great to see Hally playing again – even though he and the runner had some communication difficulties, his come-back was seamless. Jack Costello and Lettsy also had great games both playing forward and on ball.

Love playing at Salisbury – if we have the guts to run it could be that 4 quarter performance we are looking for.

See you Saturday!

The way a team plays as a whole determines its success. You may have the greatest bunch of individual stars in the world, but if they don't play together, the club won't be worth a dime.

KINGYS CHAT

St Paul's 16.13 (109)
Henley 14.10 (94)
Barnes – 4 goals
Osborne – 4 goals

We played St Paul's at Mawson Lakes oval last Saturday & had our first loss of the season. It was a disappointing result considering we were 7 goals in front at half time. St Paul's will be playing finals this year and we fell asleep in the second half. It is not the worst thing that could happen early in the season & I'm sure the playing group will not allow this sort of result from now on. It was very hard to pick best players who contributed in the second half of the game.

This week we play Athelstone at home, another C Grade side. We will be aiming to give them their first loss of the season & make up for last weeks result.

Regards,

Kingy

BARRY DAWSONS DIRTY D'S REPORT

Round 4 had the D's travel out to 'Mawson Lakes Oval' the new home ground of St Pauls.

St Pauls were sitting equal prior to Saturday with some big scores in their last two games (55 goals for and 2 against). They started the game with a goal in the first 30 seconds, then our boys responded with the next 8 straight. This game turned out to be very one sided with our boys playing at an extremely high standard. Henley 16.9.105—St Pauls 5.10.40. goal scorers Matty 'Medhurts' Pierson led strongly was dangerous in front of goals and ended up with 5. Dobs kicked 4 to chants of 'J-Lo' from opposition crowd, Ben 'Cousins' Mahney lead another best on performance and finished with 2, 1 each to BJ, Lionel Richie, Hards, Zac Glover (2nd best) and Pat 'Junior' Jones. The 'Entertainer' lined up from 40 out with on lookers placing bets on him hitting the red Ute 20 meters left of the goals but the big money went on the ball landing in the canteen 30 meters right! Neither paid dividends!! Junior kick possibly the straightest drop punt ever seen and fired up the all stars unit!!

The D's are playing awesome footy at the moment, the stand out being their support and encouragement for each other, fantastic effort boys!! This week will be a test for us against reigning premiers Athelstone. Keep up the good work boys!

Cheers Tony.

BIG PETE'S PASSAGE

Last weeks game was against Flinders Park

With a few players back from holiday and injury we found ourselves with 21 players to pick from.

Blake Bellingham, Marc Mason and Patrick Sinor all played their first game for the season

Flinders Park started well creating numerous opportunities but their inaccuracy and with us making the most of our opportunities up forward, allowed us to be in front at ¼ time 3 goal 1 to 2 goal 5 points. Sam Harvey (returning from injury) was a focal point kicking 2 goals.

Having a bench allow for some changes, giving others a chance to show what they could do. Sam Harvey continued his great work up forward with 2 more goals and Patrick Sinor gave us some drive from the middle. With Flinders Park playing well and us not we were lucky to be in front at half time leading 6 goals 2 to 5 goal 7.

An early goal from Sam Burgess extended our lead in the third ¼. Flinders Park continued to work harder than us they started taking marks and looked as thou they wanted the footy more than us. At ¾ time the score was close with Flinders Park holding a narrow lead 7 8 to 7 5.

During the last ¼ we failed to convert numerous scoring chances while Flinders Park did
Final score Flinders Park 9 12 to Henley 8 5

Goal Kickers were Sam Harvey with 5 goals Harley Egel, Sam Burgess and Jordan Lawless1 each.

Best Player was Sam Harvey who showed strength and attacked the footy all game finishing with 5goals. Patrick Sinor gave us plenty of drive from the packs from ¼ time. Harley Egel and Ty Hodson worked hard all game Jesse Duval and Jaden Dinale continued their good form on the wings

Today we had a bad day with not enough players prepared to do the work, attack the footy and support their team mate. If we all do our bit during the game and at training then it won't be such a struggle next time.

Next game is against Lockleys at Lockleys Oval 3pm start

DON'T FORGET EVERY GAME PLAYED AT SHARK PARK THERE IS A BBQ. ALSO REMEMBER THE CANTEEN FOR DRINKS AND THE BEST HOT DOGS IN TOWN! SO WHILE WATCHING THE FOOTY GRAB A BITE TO EAT AND HELP RAISE MONEY FOR OUR CLUB!!!

COME DOWN AND WATCH THE C'S AND D'S!

Keep a look out!

JOKE OF THE WEEK

An office manager arrives at his department and sees an employee sitting behind his desk totally stressed out. He gives him the advice: "I went home every afternoon for two weeks and had myself pampered by my wife. It was fantastic and it really helped, you should try it too!". Two weeks later when the manager arrives at his department he sees the man happy and full of energy at his desk. The faxes are piling up and the computer is running at full speed. "I see you followed my advice?".

"I did", answers the employee, "It was great! By the way I didn't know you had such a nice house!".

NEEDED

If anyone has any sheets or towels which they no longer require Amanda or Elle (two of our dedicated trainers) are looking for some. So anything which you could donate would be much appreciated.

Also to the yummy mummies and dotting dads out there you will see that we have got the kids corner happening again so if anyone has any toys, games, art and craft things which you think you could also donate just let Teresa or Goon. Dannie is kindly donating a lounge chair which we will be setting up soon. Any ideas are welcome we are planning to make kids corner by day and ladies corner by night.

All of the Henley Football Club wish our Chairman Mark King a speedy recovery from his operation. Kingy - we are all looking forward to seeing you back again at Shark Park, your enthusiasm and hard work is missed.

MOTHERS DAY

On behalf of all the players and staff they would like to thank their mothers for all their support and love with this poem.

A MOTHER

A mother does not come with instructions attached titled "How a mother should be"

There are no numbered, lettered parts to put together in sequence.

She does not come with all the right knowledge or all the right tools.

There will always be parts left over and more to learn.

She gathers them all along the journey,

And assembles her love that began even before you were born.

If you are lucky, you will have many mothers.

They will come to you in many forms along your way.

You will learn much of who you can be from this journey.

With her, you will learn, when she is there and when she is not.

She may be happy, she may be sad.

She may be lunatic or a genius.

She will be all these things at one time or another

Or all at the same time, on the same day, in one hour or one minute.

She will be different from you and she will be like you.

She will have a part of you and you will have a part of her, from birth.

Alive or dead, away or near, in love or in hate,

She will always be there, there will always be more....

When she is gone this physical, living world,

Her spirit will dance, tantalizing, loving, in your bones, forever.

You get to choose to let it torment you or set you free.

Her bite will be loving; even harsh words a caress.

She is there to watch over you, to hold you when you need comfort

To warn you when danger is near.

She will feed you and provide for you as best as she is able,

Soothe your hurts, pick you up and dry our tears.

If you will let her, she will do this all your life.

With courage, love and sometimes fear.

What she fears, she may never show you.

What she loves, you have to seek.

When you find and accept both,

Your heart may rest together in love and peace.
